ABOUT ME

I am Ignacio, a passionate Software Engineer with a strong foundation in full-stack web development and a commitment to delivering innovative solutions. With experience leading teams and collaborating on diverse projects, I excel in leveraging modern technologies like React, FastAPI, and microservices architecture to build scalable and user-friendly applications.

My educational journey at FaMAF, combined with professional experiences at Grupomass and Fiverr, has honed my technical skills. I thrive in agile environments, emphasizing clean code, documentation, and continuous learning to stay at the forefront of industry trends.

You can see more about me and the **projects** I have worked on in my webpage.

PROFESSIONAL EXPERIENCE

Full Stack Web Developer

FaMAF, Córdoba - August 2024 to November 2024

- Developed a video game, The Switcher, for the Software Engineering 1 course, collaborating with five classmates.
- Utilized an iterative development method to analyze requirements, design architecture, implement features, and test functionality.
- Built responsive UIs with React and Tailwind CSS and developed the backend using FastAPI and SQLite.

Lead Full Stack Web Developer

Grupomass, Córdoba - January 2023 to September 2023

- Led a team of developers, testers, and designers, coordinating tasks to ensure timely project delivery.
- Designed and implemented projects focused on microservices architecture using Node.js, Express, MongoDB, and MySQL.
- Created responsive user interfaces with React, MaterialUI, and Bootstrap, enhancing user experience.
- Mentored junior team members and provided technical guidance.

Full Stack Web Developer

Grupomass, Córdoba - March 2022 to January 2023

- Designed and developed microservices-based projects, integrating relational and NoSQL databases.
- Built user-friendly interfaces using React and Bootstrap.

Full Stack Web Developer

Fiverr, Remote - December 2020 to January 2022

- Collaborated with clients and cross-functional teams to transform project visions into reality.
- Delivered high-quality solutions while staying updated with emerging technologies and trends.
